Conference Theme

International Conference on Multidisciplinary Technologies & Challenges in Industry 4.0 – ICMTCI-4.0, 2020 will be held online during 27-28, August 2020. ICMTCI-4.0 is being organized by East Point College of Engineering & Technology, Bangalore. The Conference teams up a galaxy of erudite researchers and expert industry practitioners in its industry and academic advisory committee boards. As intimated, the deliberations will be on the following themes: Industry 4.0 and its associated technologies & paradigms, explore new scope of innovations in industry 4.0 from distinguished Researchers, Scientists and Eminent Authors in academia & industry, understand the impact of global research trends & performance related to Industry 4.0. The selected papers will be published in conference proceedings and will also be considered for publication in "BJIT-Springer Nature, Scopus Indexed" Journal. The primary goal of the conference is to promote research and developmental activities in Engineering, Technology and Management oriented towards Industry 4.0.

Submission Guidelines

1) Prospective authors are invited to submit high-quality original technical papers in IEEE format reporting original research of theoretical or applied nature & case studies for presentation at the conference and publication in the ICMTCI-4.0, 2020 Proceedings
2) All the Papers to be submitted through Easychair system to:
https://easychair.org/conferences/?conf=virtualicmtci40
